Dentist Dr. Dmitry Ovrutsky, DDS has fans throughout the Hudson Valley and New Jersey because of his emphasis on educating his patients on the condition of their oral health.

His practice, Advanced Dentistry of Rockland located at 5 North William Street in Pearl River features a computer monitor in every exam room for patients to view their oral condition firsthand, so they can understand and participate in the care and treatment they are receiving.

Dr. Ovrutsky told us: “It is important to inform the patient of what he has, why he has it, and how we can fix it.

“Our state-of-the-art office offers a comprehensive range of dental services including general, cosmetic, orthodontic and implants for all ages. We’ve put together a friendly team to cater to the dental needs of Pearl River and the sur-

Mary and Dr. Ovrutsky working on a patient in his state-of-the-art dental office

Pearl River’s Advanced Dentistry of Rockland sets the standard for patient education

rounding area.

“I’ve been practicing dentistry in Pearl River for 11 years and we opened this office three years ago. I have many patients who have been with me for years.

“We accept most insurances and we pay attention to the maintenance of your oral health. I employ two experienced hygienists and we customized a regimen for every patient. It’s important that patients prevent oral problems before they become extensive and expensive.”

Dr. Ovrutsky continued: “I take a lot of dental continuing education courses because I want to keep up with the new technology. I want my patient’s oral health to be good looking and functional.

“By having computerized monitors in the exam room and by taking photographs the patient receives an unbiased opinion of their oral health. Our cosmetic services includes Laser Whitening (Zoom), tooth colored fillings, porcelain veneers and more. Advanced

Dr. Dmitry Ovrutsky, owner of Advanced Dentistry of Rockland, Jeanette and Mary.

Dentistry of Rockland can address all dental implant needs, understanding the unique challenges that may precipitate their use. We offer a variety of Orthodontic options that will enhance your dental health such as traditional metal braces, tooth-colored braces, clear aligners and other devices,” said Dr. Ovrutsky. “I do not consider dentistry to just be a business. It is something I love to do; I’m passionate about helping others.”

Advanced Dentistry of Rockland offers flexible hours, working many Saturdays and week-night evenings. His patients needs are a priority to him and he does what he can to cater to them.

In instances of emergencies, Dr. Ovrutsky does his very best to see the patient the same day, often coming in

early or staying late to accommodate their needs. Advanced Dentistry of Rockland has affordable prices, and works with most insurance companies. In addition, the office offers various interest-free payment plans.

This patient gave Advanced Dentistry of Rockland 5 Stars. Here is what he said. “Looking for an exceptional dentist in the Pearl River area? Look no further! Dr. Dmitry Ovrutsky is the best!

“First, his equipment is state-of-the-art, using current technology to diagnose the condition of your teeth. He will show you on a computer monitor exactly why he feels you should receive a particular treatment. Plus he is always taking advanced dental training to keep current with the advances in dentistry.

“Need a root canal? He doesn’t send you to another dentist to do it. He will do it himself. I have had numerous root canals done, and I can assure you that he does it quickly and painlessly.

“The reason why he is such a good dentist...is because he loves being a dentist and enjoys his work! If you have a problem with your teeth and have been to other dentist in the past and your problem is still not solved, go see Dr.Ovrutsky. He enjoys a challenge! (I know because I was that challenge).”
