

Dr. Ovrutsky with his staff - Mary and Jeanette. Dentistry is his passion.

Advanced Dentistry of Rockland puts the emphasis on caring - and it shows!

By: Helena M. Hewlett

Doctor Dmitry Ovrutsky, DDS, recently opened a brand new, state-of-the-art office on William Street in Pearl River.

“I do not consider dentistry to just be a ‘business,’” Dr. Ovrutsky says. “Rather, it is something personal and something I love to do; I am passionate about helping others.”

So Advanced Dentistry of Rockland put together a friendly team to cater to the dental needs of Pearl River and surrounding areas. Prior to opening his new office, Dr. Ovrutsky provided services in Pearl River for eight years.

Dr. Ovrutsky, who provides services such as cosmetic dentistry, implants, and orthodontics, caters to children and adults alike.

And with the latest, high-tech equip-

ment, such as digital x-rays and intra-oral cameras, he is able to do so in the best way possible.

Dr. Ovrutsky firmly believes in educating each of his patients, based upon their needs.

“It is important to inform the patient of what he has, why he has it, how it can be prevented, and how we can fix it,” Dr. Ovrutsky says.

With this mindset, the office provides preventative, general, and orthodontic care

for its patients.

When it comes to education, Dr. Ovrutsky holds himself to high standards as well. Although by law, dentists are required to fulfill a certain amount of continued education, Dr. Ovrutsky goes far beyond the required amount. He makes it a priority to take courses on a consistent basis in this constantly-evolving field.

“Educating myself allows me to give my patients the best possible options for their individual needs,” he said.

Dr. Ovrutsky provides orthodontic services for both children and adults. Though many are under the impression that orthodontics are just meant for children, they are surprisingly popular among adults as well.

Various cosmetic options such as clear aligners and six-month orthodontic treatments are among some of the options

Advanced Dentistry of Rockland offers.

If you're interested in orthodontics, Dr. Ovrutsky offers free consultations to educate you on the subject matter, helping you to better understand what your specific needs are.

Dr. Ovrutsky offers flexible hours, working many Saturdays and week-night evenings. His patients's needs are priority to him, and therefore he does what he can to cater to them. In instances of emergencies, Dr. Ovrutsky does his very best to see the patient the same day, often coming in early or staying late to accommodate their needs.

Advanced Dentistry of Rockland has affordable prices, and works with most insurance companies. In addition, the office offers various interest-free payment plans.

Advanced Dentistry of Rockland is located at 5 North William Street in Pearl River. Reach the office at 845.735.7770. For additional information, please visit www.advanceddentistry-ofrockland.com.
